SIR:

RESPONSE TO ELECTION RESTRICTION REQUIREMENT AND AMENDMENT

This is in response to the Office Action dated December 26, 2006, in which claims 1-20 are pending and were subject to restriction and/or election requirement. Applicants traverse such restriction requirement and provisionally elect claims 11 to 15, which are drawn to a Composite Prosthesis.

Applicants elect the species disclosed in Figures 7 and 8. Claims 11 to 15 read on Figures 7 and 8.

We submit that contrary to the Examiner assertion Figures 7 and 8 illustrate the same invention. The invention is that a composite prosthesis can be connected with either the joining end of one portion inside or outside of the joining end of other portion.

Figure 7 illustrates the distal portion outside and Figure 8 illustrates the distal portion inside.
